WHAT DO OUR STUDENTS SAY?

LE NGOC HUA - DIANA

"From my perspective, Campbell-CLA is definitely the best choice for anyone whenever they have a chance to study English in New Zealand. The teachers are not only very kind but also very helpful. All of the study facilities, as well as teaching methods are designed to help students learn easily and relax as much as possible.

Moreover, it also offers multichoices for you to take stress away by joining in one of a range of diversified outdoor activities that are well organised every weekend... For many students (including me), Campbell-CLA is becoming our second home.

I am confident that all of these things will help you get the best study results and have a lot of unforgettable experiences with friendly classmates. For these reasons, Campbell-CLA is really good value for money. Many thanks to all of Campbell's staff."

"A big wish came true for me to study and live in an English speaking country like New Zealand. I fell in love with Wellington because of the gorgeous scenery and atmosphere of the city.

To overcome the language barrier I joined an excellent English language school called The Campbell Institute – Capital Language Academy. My English skills have improved rapidly in the relaxed friendly environment, combined with an effective teaching style. Campbell-CLA guided me to the successful completion of my IELTS exam in October 2006. Having passed the IELTS, I now have a job in the hospitality industry which Directors at the school helped me to find. Now I have the opportunity to gain experience working and living in the Kiwi environment, New Zealand."

"The Campbell Institute – CLA is located in Dixon Street. It is not far away from the city centre. As a result, we can go out and have an enjoyable time with friends. Although Campbell is not such a big school, there are many highly-experienced teachers. Their classes are very appealing. What is more, they always prepare interesting lessons for students. The school staff are really friendly and responsible. When we are perplexed by difficult situations, which are not only about our study but also about other problems, we can talk it over with them and they give serious consideration to our questions. Also, at Campbell it is easy for students to get to know each other and to make many friends who come from all over the world."
